## The Glenmoor Calendar

### • June 6 - The Anniversary of D Day (Deliverance Day)

- We remember and thank those who selflessly fought for the freedom of others.

- Enjoy these 5 little know facts about D Day, 1944

### • June 14 - Flag Day

- A celebration of the American flag which occurs each year on June 14, the anniversary of the flag's official adoption.

### • June 15 - Father's Day!

- Don't forget! Do you have something planned to show appreciation for your Father?
- Be sure to make his day special!

### • June 19 - Juneteenth or Freedom Day

- On this day in 1865, Union General Gordon Granger read the Emancipation Proclamation aloud in Galveston, Texas, effectively liberating enslaved people in the state.

### • June 20 - The Summer Solstice

- The loooooongest day of the year in the Northern Hemisphere!
- Sunrise - 5:15 am, Sunset - 8:29 pm.
- Enjoy 15hrs. 15min. of blissful daylight!

### June Weather in Algonquin

Average highs of 80°F and average lows of 68°.

Average rainfall is 5".

**Groot garbage pickup will be on  
Thursdays all month.**

## ***Summer's Here!!***

**JUNE 2025**

Well, almost! With the warm temperatures and sunny days comes lawn weed woes!

As you all are aware, our HOA covenants reference maintaining mowed and weed-free lawns with an eye toward keeping our neighborhood looking lush and rural.

Unless you prefer to be outside and pulling those never-ending dandelions, there are many companies that neighbors use to keep those pesky weeds at bay and leave lawns looking like putting greens!

If you'd rather be outside enjoying the weather than working on your weeds, here are a few companies used by some of our neighbors: Weed Man, True Green, Rolling Green and Lawn Doctor. Should you need it, these companies can also help eradicate grubs and many other lawn problems!

For those who love working outdoors, there is a wealth of economical self-service lawn care information, product, and advice awaiting you at any local big box or hardware store.

By maintaining your property, you will be in compliance with the HOA Covenants,  
Section VI, Section 8 – Landscaping.

Let's get ahead of any growing issues before they become HOA or Village concerns.

Thank you for doing your part to keep Glenmoor beautiful!

JUNE 2025

## Discover the Joy of Container Gardening

**GROW BEAUTY, FLAVOR, AND LIFE  
NO YARD REQUIRED!**

Whether you're having a celebration, limited by space, seeking flexibility, or just looking for a creative way to add color to a patio, a deck, or a corner in your yard container gardening offers an easy and incredibly rewarding solution.

### Why Try Container Gardening?

- ✓ **Instant Color & Beauty** – Ideal for apartments, condos, or compact backyards.
- ✓ **Portable** – Move your pots to chase the sun or protect plants from the weather.
- ✓ **Cleaner & Safer** – You control the soil, nutrients, and avoid common pests.
- ✓ **Beautiful & Versatile** – Great for flowers, herbs, veggies, and even small trees.

### Getting Started Is Easy

#### 1. Container Tips

- Ensure good drainage by drilling three to five holes if plastic container.
- Costco sells large pots for \$20.
- Use cans or capped bottles for the bottom half of the pot. It helps with drainage, need less soil, and makes large pots lighter and easier to move. For more details [view this video](#).

**2. Use the Right Soil:** Buy a quality potting mix. Don't use garden soil—it's too heavy and may contain bugs or diseases.

#### 3. Pick Your Plants

-  **Flowers:** Marigolds, petunias, impatiens, geraniums
-  **Herbs:** Basil, mint, parsley, chives, rosemary, oregano
-  **Veggies:** Cherry tomatoes, peppers, lettuce, kale, spinach
-  **Ornamentals:** Ferns, grasses and succulents

**4. Water & Feed Regularly:** Containers dry out quickly. Water when soil feels dry 1 inch deep. Add a liquid fertilizer every 2–4 weeks for best results.

### Common Pitfalls to Avoid

- **Forgetting** to water on hot days
- Using containers that are too small
- **Overwatering** (watch for soggy soil)
- Mixing plants with different care needs

 **Whether you want a splash of color, fresh herbs for cooking, or a mini tomato harvest, it's all possible with a few containers and a little care!** 

**START SMALL, GET CREATIVE, AND ENJOY THE PROCESS!**
